ERUPTION OF AETNA SHOWN

Action is laid on Isle of Sicily During
Panda Wars and One of the First
Scenes is Earthquake and Volcano
in Action; Other Inspiring Scenes.

Gabrielle D'Annunzio's wonderful
spectacular "Cabiria" has been booked
for the Colonial next Thursday and
Friday afternoon and night. This is
without doubt one of the greatest of
motion pictures and it was quite an
achievement for Manager Reedy to
secure it for Connellsville. It has only
just finished a two weeks' engagement
at the Miles Theatre in Pittsburgh
where it created a sensation just as it
did everywhere else it has been
shown.

"Cabiria" consists of 11 reels,
shown in three acts. It is a story of
the story of the (the spirit
of the Chinese) is enacted in Catania,
Sicily, in the third century B. C., im-
mediately after the close of the first
punic war. Among the wonderful

"CABIRIA"

scenes is an earthquake and eruption
of Mount Etna, which ruins the state
of Sicily. A Roman girl, Cabiria, is
the daughter of a priest who has been
buried in the ruins. The child
however, escapes with her nurse. They
take to sea and are attacked by pirates
captured, taken to Carthage, Spain,
and sold into slavery.

Cabiria is bought by the high priest
of Carthage, who intends to offer her up
as a burnt offering to Moloch, the
heaven god. She, however, is not an
acceptable sacrifice, because of a pre-
sented illness, the god not accepting
such children. Her mother, who is de-
tested, she is ordered to be flayed.
Afterward she dresses herself to the
cliffs of Carthage where she meets a
disgusted Roman spy. He agrees to
attempt to rescue her, and she is offered
as a sacrifice and true to his
promise he and a faithful slave Ma-
chete, after a terrible fight, escape their
pursuers and gain a place of safety.

Cabiria, at her protest, is made
separated, but the kind slave Machete
remains with her and secures her
safety again, though he is captured
and chained to a huge grindstone to
exist a living death.

The Roman returns to Rome with
news that the mighty Hannibal has
crossed the Alps.

A wonderful miracle which extracts
the rays of the sun, invented by Archi-
medes, the Greek philosopher, is used
in the attack on the Russian cities,
so that nothing is left but a fleet of
floating flames. Thus, Archimedes, the
Roman, is cast into the sea and cast
up on the shores of Catania, where he
brings news to Machete that his daughter
is still alive in Carthage.

Ten years pass, and Machete is
again sent as a spy to Carthage. His
work finished he searches for Machete
and Cabiria, finding a thousand
deaths he comes upon the slave at
the grindstone, worn to a human
skeleton. The sight of his master
gives him strength and with a mighty
effort he breaks his chains. Again
follows a series of exciting events.
Cabiria, now known as Elissa, is again
threatened with being offered as a
sacrifice and once more Machete and
the slave Machete rescue her. In the
end Elissa and Cabiria are united
and married. They return to live in
Rome, guarded by the ever-faithful
Machete.

The Saison

"THE MARKED WOMAN" TODAY

The popular young actress Barbara
Tennant will appear at the Saison
Theatre today in the five reel drama,
"The Marked Woman." The plot is a
powerful story of Russian atrocities.
"A Chapter of the Fifth" is a two reel
Lumiere drama with Frank Lloyd
and Helen Leslie in the leading roles.
The Nestor comedy, "His Noble
Friend," and the "Lark" comedy,
"Shaved in Mexico," are both full of
fun and laughter. Monday the sixth
episode of "The Black Box" will be
presented.

"THE MARKED WOMAN" WITH BARBARA TENNANT

Owen Davis' Chinese play, "The
Marked Woman," in which Barbara
Tennant plays the part of a young
Russian girl, takes us back into
the stirring times of the Boxer Rising
of the Far East. The picture is the third Owen Davis
release of "The World Film Corporation."
From Illinois, where this noble

of the brutal murder of her sister, the
girl takes her way to Port Arthur,
China, in love in the journey with a

young American lieutenant, whose fate
is afterwards linked with hers. Rus-
sian influence is predominant at Port
Arthur and the girl narrowly escapes
being sent to Siberia. It is here that
the Chinese atmosphere of the story
becomes manifest and the producers
take full advantage of their opportu-
nity to interpret Owen Davis' vividly
painted word pictures. The girl is
sent to Nankin in a Chinese junk,
which is shipwrecked in a fog.
Rescued by Lieutenant Duro she is
taken to the house of a friend, Kan-
Tou-Kay, and here we are introduced to
scenes of Oriental splendor and
magnificence. No less a figure than
the Chinese Prime Minister, now ap-
pears and falling in love with Olga,
compels her to marry him. Here the
author of the story begins to strike a
powerful dramatic note. Years pass
and the boxer rebellion breaks out.
The leader of the American forces in
Duro, the lover of Olga, is killed and
she and Olga and her lover meet
after a separation of four years. At

Gossip of Photo Plays and Players

Some extraordinarily good bookings
are promised at the moving picture
theatres of the next few weeks. Chief
among these are "Cabiria," which will
be at the Colonial two days next week,
and "The Nigger," which comes to the
Saison week after next. "Cabiria" is
probably the most widely advertised
film ever taken in its magnitude. It
surpasses "Queen Kelly," which for some
years was regarded the best word in
motion picture photography. At this
time because of the prominence of
it, a number of the Italian nation be-
cause of his spirited leadership in be-
half for the war party. "The Nigger"
has created a furore throughout the
country, and has been suppressed in
some cities. It is the picture of
"The Nigger" book of the same name
and deals with the race question.

Manager Robbins offers good book-
ings next week. On Monday the
Saison, appears in a feature, "The Lark."
"Black Box" will be seen in another
engagement. Those who have a follow-
ing of this serial closely say it is un-
usually fine. On Tuesday New York's
police commissioner, George S. Boag-
erty appears in a feature, "The Line-
up at Police Headquarters." "The Line-
up" will be seen again on Wed-

feature of the Motosco-Bosworth
program.

Wilton Lackaye is another big star
to be booked up by the Universal
forces and is to occupy a permanent
place in their program. The big
organization headed by Carl Laemmle
has been gathering in the big ones
with rather persistent regularity of
late. Helen Ware, whose dramatic
success was assured when "The Lark"
made good on Broadway, is now a
member of the Universal forces.
Marie Cahill is another top notch-
er. She has for years been a main-
stay of the Big U. featured in the
company stars. All three of these head-
liners will be seen soon as a part
of the Saison's regular program. The
Big U. company seems to be getting
the cream of the talent. For a long
time the Big U. featured a charac-
ter work by Maudie Mae Quattle, but
late the company has gone in for a
more diversified program.

"The Eternal City," the masterpiece
of the Paramount Program, seems to
be making the hit in New York that
was predicted for it. Pauline Freder-
ick makes her first appearance as a
film star. Miss Frederick was de-
clared upon the occasion of her great
success in "Joseph and His Brothers,"
to be the most beautiful woman on
the stage. "The Eternal City," which
will be shown at the Colonial some
time in the future, is of special interest
to Connellsville folks because of the
fact that it was produced under direc-
tion of Edwin S. Porter. Many of
the scenes were taken in Rome.

The World Film Company, which
has a regular place on the Saison
program, is starting Clara Kimball
Young in a number of features. She
appeared here in "The Deep Purple"
recently. Clara Kimball Young for

Monday in "Children of the Ghetto,"
said to be even better than "The Pit."
On Thursday the fourth of the "Who
Do You Love?" series, featuring Ruth Roland
and Henry King, will be shown under
the title, "The Lawless Law." Friday the
"New Exploits of Elaine" are again
featured, an don Saturday, Laura
Swayer in "One of Millions."

Two particularly good films will be
seen at the Colonial next week in ad-
dition to "Cabiria." Tuesday William
H. Crane appears in "David Laroche,"
one of the best of all plays, while
Saturday brings Hazel Dawn to the
Colonial for the first time in "The
Love Route." Miss Dawn has been
seen here in the films in "One of Our
Girls" and delighted the audience by
her clever work.

A number of feature film are being
shown in connection with the Arcade's
vaudeville program. Manager Fred-
erick Laumann is staging some good
bills under the new management of
the Glück Amusement Company, and
the Arcade is doing good business as
a consequence.

Belle Janis, who with Montgomery
and Stone shared honors in making
"The Lady of the Shivers" such a tre-
mendous musical comedy success, will
be seen here in the movies week after
next. She will appear in the "Morgues."
Bosworth production of the "Exploits
of Kelly." Miss Janis will be a regular
line.

The Verdict

—convincingly and overwhelmingly for Goodrich.

This company alone through the daily press of January 31st gave to the con-
suming public the most sweeping reduction ever made in tire prices. This
established the only genuine Fair-List in existence on non-skid tires today.

Goodrich prices were dated February 1st in ordinary course. Other tires were
reduced in prices a few days later and the reduction dated back to February 1st.

Every real price-reduction on tires has fol-
lowed the lead of Goodrich.

As always, Goodrich policy and Goodrich
methods first gave the tire user the benefit of
reduced prices.

We lowered tire cost for
every tire user when we did
that.

We were more than con-
tent to await the verdict

And that verdict is over-
whelmingly and convincingly
in favor of Goodrich Tires and
of Goodrich Fair-List prices.

We knew that the tire
user was buying mileage-
service—he was buying what
the tires would do for him,
rather than so much bulk
rubber and fabric.

We knew what our long
years of rubber manufacture
and tire-making had taught
us.

We knew we were mak-
ing tires which had exactly
the right amount of rubber
and the right quantity of
fabric to deliver exactly the
right kind of service.

We knew that too much
rubber and too much fabric
would be as detrimental to
the service of the tires as
too little.

The tire user knows that
Goodrich led in putting tire
prices on their just and
proper level.

You pay money for your tires. You want
miles from your tires.

Goodrich Tires are built to deliver mileage
at the least cost per mile, and to deliver it with
the greatest ease, the greatest
comfort, and the greatest
economy.

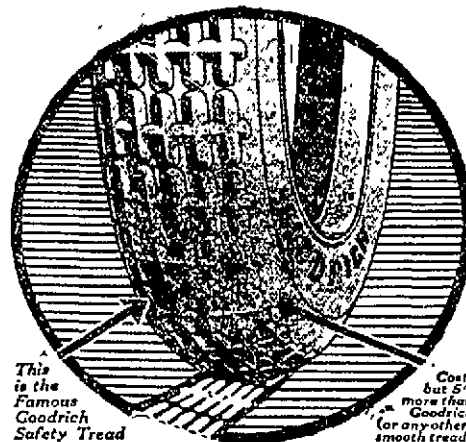

Every ounce of energy,
every bit of intelligence, every
flash of genius, every atom
of efficiency in the whole
Goodrich organization has
been concentrated on this
proposition of making tires
which will surely give the
greatest mileage at the least
cost.

The Goodrich tire user
knows that right now, today,
with all the stampede to
meet Goodrich prices, Good-
rich quality is not met and that
his dollar buys more tire
service in Goodrich tires.

"As good as Goodrich"
is today the plea.

Let us say to you, in all
good faith and with every
confidence in the fair-mind-
ed judgment of the tire user,
that no other tire made has
in it and of it the experi-
ence, the know-how and the
know-why which govern the
selection and the combina-
tion of the exact quality and
quantity of rubber and fab-
ric which constitute Good-
rich Tires.
